Dear Parents,

We are conducting an English handwriting competition on 04/05/2019. Students will be given passage in the school, which they have to write on writing sheets. All the top 3 students of every class/section will get a certificate of merit.

Principal

We also request you to please encourage your child to practice at home for better handwriting skill.

Dear Parents,

Warm Greetings

It is our pleasure to welcome you to The Garden International School. We are glad to have you with us as a part of our school family.

As the mercury soars, its time for the school to close for the summer vacations. I hope our children enjoyed their first few days of the new session, as much as we enjoyed knowing them. There were some administrative difficulties initially, but we could overcome them with your support and cooperation.

First things first, it is very very important for all of us to see our children remain healthy and well hydrated all through the sweltering summers. Gastrics and Heat Strokes must be prevented at all costs by observing the necessary precautions. Since summers are synonymous with a variety of fruits, do ensure that children have a variety of fruits so that their immunity is further strengthened with various vitamins and minerals that the fruits contain.

Its time for children to engage in sports and pursuing their hobbies. Children must also be encouraged to engage in reading and learning music. To that extent ,all parents must provide the necessary guidance and support to their children.

However, its not going to be only fun and games during the vacations. Learning must also go side by side. Therefore all children have been given certain assignments in various subjects along with clear instructions. It is the duty of the parents to ensure that their children complete their vacation assignment as per the instructions and submit the same to their class teacher. All assignments will be graded, so you are kindly requested to motivate your child to complete the assignments neatly and submit it on time. These assignments are also designed to help them to prepare for the Formative Assessments to be conducted after the vacation.

Please consider the following instructions regarding holiday homework, projects and assignments:

1. All homework, projects and assignments should be submitted just after the summer vacation.
2. Parents are advised to encourage their ward to complete the holiday home by themselves. Students can take guidance from family members and they should complete by themselves.
3. It is important to complete the homework on daily basis, this will help the students to recall the recent taught topics.
4. Parents are advised to engage their wards in certain hobbies of their choices.

Let's make this period a fruitful and happy period for them.

The school shall remain closed for summer vacation from 10th May till 9th June 2019. The school will reopen on 10th June 2019.

Enjoy the holidays!

Regards.

Principal
